

Title: Electronic and paper based publishing of the periodical titled Biomechanica Hungarica

Term: 2007
Programme: Albert Apponyi Programme

Id: BIOM07ME
Support: € 16 000

Description:

The goal of the project was to establish the first journal in the topic of biomechanics.

Results:

Biomechanica Hungarica is the shared journal of the University of Debrecen Department of Orthopaedic Surgery and the Department of Biomechanics.

The contents of the journal are accessible both in printed form and online. The site is the joint portal of the Department of Orthopaedic Surgery and the Department of Biomechanics.

Beside the paper publishing of the only biomechanics related hungarian journal we created the web page <http://www.biomechanica.hu>

Currently (in 2014) we working on the 11. issue of the journal.
